Mr. Philip E. Tobias
President
Technical Association of the Graphic Arts

[Redacted Box]

STAT

Dear Mr. Tobias:

Thank you for your letter of 22 February inviting me to speak before the annual meeting of the Technical Association of the Graphic Arts on 20 June 1960.

My duties require that I hold the number of my public speaking engagements to a minimum, and I regret that I am unable to accept your invitation.

I am pleased to note your organization's interest in the challenge presented by the Soviet Union. It is a matter of concern to all of us, and I hope your group will continue to pursue this interest.

Sincerely,

SIGNED

C. P. Cabell
General, USAF
Deputy Director

Dear General Cabell:

At the suggestion of our Washington Convention Chairman, Mr. Robert Lefebvre, I would like to invite you to be the guest speaker at our banquet in connection with the twelfth annual meeting of the Technical Association of the Graphic Arts, on the 20th of June, 1960.

This association is composed of approximately 700 members both in the United States and a dozen foreign countries. Membership is limited to those who conduct or control research and development of printing processes and related industries. This represents professional people in key positions in the third largest industry in the country, besides large supply organizations such as DuPont, Eastman and IBM.

It was the feeling of our convention committee that, as an expert on the Soviet Union, you would be in a good position to give our membership and their wives an interesting and informative analysis of the strength and challenge of that country.

If you find it possible to accept this invitation, I sincerely hope that you can bring Mrs. Cabell.

I look forward to an early reply.

Very truly yours,

Philip E. Tobias
